Proposals are invited from designers, film makers and photographers to support the development of the graphic identity, website and to create a film and photographic portfolio in preparation for the launch of *The Ring* in May 2017.

We are inviting invitations from companies and individuals to tender for three projects:

- Graphic identity and website development
- Graphic Identity photography portfolio
- Launch film

The Ring is a new and exciting arts programme which will celebrate a 21-mile circle of natural and historic waterways. Following route of the Worcester and Birmingham Canals, the Droitwich Canals and the River Severn the route flows through the towns of Worcester and Droitwich and the countryside which surrounds them.

Over the next 18 months, international, regional and local artists will lead an imaginative exploration of Worcestershire's urban and rural heritage; the people that live here and their dreams for the future. On foot, by boat or bicycle, visitors will be able to navigate new art and performances in historic and picturesque locations inspired by the stories and secrets of *The Ring*.
